Customer Reviews

After having this book referred to me by about 7 of my venture capital friends I decided to take a look. Well, I was very impressed as this is the first venture capital book I have seen to provide a true insider's perspective. This book literally tells you exactly the wording you need to use to make the section applicable to you - whether you are a: Venture Capitalist Entrepreneur Lawyer Etc. Look at the below section and the detail it provides (you should note the book itself goes on to explain what this entire section means and what each section specifically does):

(4) Conversion: [Investor Favorable, Middle of the Road and Company Favorable are the same.] The holders of the Series [A] Preferred shall have the right to convert the Series [A] Preferred, at any time, into shares of Common Stock. The initial conversion rate shall be 1:1, subject to adjustment as provided below.

(5) Automatic Conversion: Investor Favorable: The Series [A] Preferred shall be automatically converted into Common Stock, at the then applicable conversion price, (i) in the event that the holders of at least two thirds of the outstanding Series [A] Preferred consent to such conversion or (ii) upon the closing of a firmly underwritten public offering of shares of Common Stock of the Company at a per share price not less than [3 times the Original Purchase Price] per share and for a total offering with net proceeds to the Company of not less than \$40 million (a "Qualified IPO").
