The Book Of Song Dances (First Steps In Music Series)

Synopsis

Beautiful and attractive books from the most prominent collector and advocator of the rich heritage and diversity of folk songs. Dances accompanied by singing have been enjoyed by people of all ages for hundreds of years. These dances have served an important social function as people share the joy of synchronizing with others through their body, spirit, and voice. John M. Feierabend has collected song dances that have their roots in American heritage, as well as a few from other countries. Each dance is organized by type (single circle, double circle, square dances, etc.) and includes complete dancing directions. This beautifully illustrated collection is for anyone looking to reclaim this great folk dance tradition, use great songs to teach musical concepts or simply have a great time.
