Vault Private Equity Career Guide (Vault Career Library)

Synopsis

Careers at private equity firms (which raise funds to invest in private companies) are considered plum jobs in the finance world because of the intellectual challenge and potentially huge financial payoffs. Although private equity is a relatively young business, now there are more than 2,700 such companies worldwide. In this new Guide, Vault guide brings the scoop on the industry.

Customer Reviews

Good to read. Highly informative and easy to read. However, to pay USD 120 + is way too stretching. Moreover, I was under the impression that the book was just one part and more to follow. The slip which came with the book indicated that more was on the way. So on the value for money, was not really satisfied.

Recommended by a friend at a large PE firm as the most valuable resource available today.
