Customer Reviews

Nice variety of tracks and instruments; male and female vocals. I'm extremely impressed with the notes as well as the "extras". This version contains a data track, some Rough Guide book content, a competition and other items on the CD if you stick it in the computer. Very thorough!

This was the only "authentic" Aboriginal CD of the bunch. The others didn't include the folk music. Nice collection of music.

It's a mixture of the old and the new and has a nice quiet sound to it.

Cool music!

Great combo of traditional and modern Abo music. I definitely recommend if you want to groove out to something unusual.
