This Was Just The Way: A Memoir

Synopsis

A disability is a heartbeat away. It's a fact none can deny, but one that few pay much attention to. We all realize life can change forever in a moment, but we seldom think it will happen to us. Ted Stamp was no different. With high school graduation just behind him and college just ahead, he was going through the ordinary motions of work one morning when, while goofing around with a friend, he sustained the spinal cord injury that left him permanently paralyzed from the chest down. *Was Just the Way* is Stamp's candid reflection on life before and after disability, the mixed emotions of life inside and outside hospital and home, from heartache to healing. Along the way, words like normal, need, ability, and privilege get redefined, as do the dynamics of family and friendships. Lots of questions naturally arise: Why did things turn out this way? What if things had happened differently? How to come to terms with so much loss? How could a loving God allow such things? Could there be purpose in it, after all? *Was Just the Way* explores how our circumstances shape not just our decisions and beliefs, but also who we ultimately become—for better or worse. It reveals just how quickly and profoundly any one of our lives and personalities might change at any given moment. At the same time, it cautions against too quickly labeling inconvenient experiences as "bad" or "tragic." Because sometimes roads less traveled prove better teachers than we anticipate—and redemption too might well be closer than we realize.

Book Information

Paperback: 306 pages

Publisher: Tate Publishing (August 16, 2016)

Language: English

ISBN-10: 1683333381

ISBN-13: 978-1683333388

Customer Reviews

This book is a beautifully crafted piece of work - a masterpiece. Stamps' story told with absolute honesty and complete integrity to the bitter and often painful truth of how his world changed forever

in a split second. All the elements of creative and intriguing writing are contained within. He brings you along for the journey, through his ups and downs, in learning to appreciate a new way of living, and appreciating the most minor abilities, actions and activities. A beautiful story that contains powerful life lessons - worthwhile for all of us to give consideration.

Fantastic book! The ideas explored go beyond disability and include insightful thoughts on faith, family and friends, memories, and attitude. A most worthwhile read indeed.

This book is fantastic! So inspirational. I couldn't put it down. Great testimonial too.
