# Worship Wars: What The Bible Says About Worship Music

## Synopsis

Many grapple today with what the "proper" style of music for church should be and sadly it becomes a worship war. Like the movie Star Wars, the battles rage from episode to episode, with Bible verses being used as the proverbial light sabres to attack and defend each other. This book answers the questions amongst Christians and churches today in regard to "worship music" and appropriate styles and genres. It is a Biblical guide to worship music spanning early church history to present day; providing clear, concise guidelines, Biblical principles and practical suggestions to support implementation of a balanced blend of traditional and contemporary worship music in churches.

## Customer Reviews

Amazing work...profoundly Biblical to its core with a fun play on the Star Wars jargon.
