## Customer Reviews

Not a bad book, actually has some useful information, at least compared to the other guides I have

looked at. As a free book it is well worth the download and perusal. If you don't have any of the Minecraft guides, this is not a bad start.

Hey guys, you really need to get this book. I've read it, and it is just awesome. Play the mineplex server on Minecraft for PC. If you don't have the mineplex server, just look it up it is probably one of the most awesome servers. Thanks about the book!!! :)

Filled with very useful tips and nice combos. A must buy if you want to be good at PvP.
