## Customer Reviews

I would not even give this "book" one star except that I couldn't post a review without giving it a rating. It is a non-book that simply has reproductions and no text. I returned it and got my money back. should have some kind of vetting to keep products like this out of the Kindle store. \*Minus\* five stars on this fraud!

I hate cliff hangers! It should be mandatory to mention this.. (and avoid 1 star ratings!)Book 1 is not necessarily a cliff hanger warning.Some other 1 star reviewers said it better than I can - The story is trite, Lana is not very appealing and spending money on sequel after sequel is just trying to get money out of a mediocre series.Deleted from my Kindle and I pass on all the sequels that more than

likely will also end in cliff hangers....
