The Vigilantes Of Montana

Synopsis

Is it lawful for citizens to slay robbers or murderers, when they catch them; or ought they to wait for policemen, where there are none, or put them in penitentiaries not yet erected? On May 26, 1863, William Fairweather and a group of young men discovered gold in Alder Gulch, in the Ruby River valley, the U.S. state of Montana. By late 1863 the remote gold fields and transportation links were rife with outlaws threatening and killing at will. At the end of the year it was estimated that 102 travellers had been murdered. As this became a more frequent occurrence locals began suspecting that these crimes were being carried out by a single group of outlaws, known as "road agents", under the control of Bannack sheriff Henry Plummer. With law enforcement unable to cope or even actively joining the outlaw gang, citizens of this remote part of Montana took the law into their own hands and formed the Vigilance Committee. Between January 4 and February 3, 1864, the vigilantes arrested and summarily executed at least 20 alleged members of Plummer's gang. Thomas Dimsdale was there to witness it all. Read here the gripping true account of popular justice in the Rocky Mountains. His *The Vigilantes of Montana* first appeared as a series of articles in 1865 editions of the *Montana Post*, Virginia City's and Montana's first newspaper. Thomas J. Dimsdale who died in 1866 was a member of the Alder Gulch Vigilance Committee and editor of the *Montana Post*. His early accounts of the Alder Gulch vigilante events are widely cited and the book version of his articles was published in Montana Territory in 1866. This was first given to me 1976. What I would do with this one, I don't care about vigilantes, I have no interest in Montana, and time is too precious to take it away from the 19th century, my favorite. It suddenly dawned upon me, this is the 19th century, and if someone is going to understand the mindset of the century, you will have to examine the mindset of the whole population. Reluctantly I picked the book up and began reading. Some hours later I set the book down sorry that the author had run out of words. Thomas J. Dimsdale was an Englishman who settled in 1863 and Virginia City, Montana and in 1864 took over as editor of the Montana Post. The newspapers served as the first publisher in serial all of The Vigilantes of Montana and perhaps some of the writing in this book, some of the romantic element, some of the color of the book is explainable artifact it was first written for the newspaper. In this century that has arisen some question about the true facts surrounding the "villain" of the story. Henry Plummer arrived in the gold camp in Nevada City in 1852 and very soon participated in the wholesome disreputable houses when he saw fit to murder two men. By 1862 former was notorious as a boss of the gang of criminals. In 1863 moved to Montana and news was elected sheriff. This is the story of the vigilantes who tracked down, tried, and executed plumber and his gang of desperados. Some modern researchers who tried to prove Plummer innocent of the crimes for which he was executed.
