## Customer Reviews

Hi, I have a book blog called TheBestBookBlog(Ever) and I recently have started informing parents if certain book are okay for their kids. Language: Four Stars (Just the usual "Brief Mild Language" thing.) Easy-To-Read: Three Stars (A little hard, but by the time of eight or seven, your kid will reign triumphtly.) Violence: Four And A Half Stars (There was this one time when Herobrine "pushed" Brett, the school bully.) I would say 7-8 and up.

Adores by my 12yr old gamer middle schooler!! Wish they made more deals on bundles since

they're quite a few to this collection...but, easy to read for those who may struggle. So, would be brilliant for author to hit on some of the "struggles" kids have in middle school..Sire, they're are 1-2 in collection that graze the surface.. Seems great way to reach the jr.high crowd with some of the pre high school dilemmas kids face these day...giving us a great, "you're not alone and self help ideas if your in a situation" as they all seem to need this!

My son loves the minecraft zombie series (currently on book #7) and recently asked for this book after seeing an advertisement in the back of his other book. He loved it! Read it in a matter of days! I'll be getting him book #2. Please keep this series going as well! Great way to encourage young readers!!

I'm in fourth grade and the first Zack Zombie book I read is Diary of a Minecraft Zombie and it was THE BEST. So, then I read Herobrine Goes to School it showed me lessons and made me laugh. I ordered book 2 and 3, but I really want more. Please make more!! You write the best books ever.P.P I read extra, and it said we will write more if you write a review that made me the HAPPIEST PERSON ALIVE.

First of all I do wanna point out.... This is one funny book and do look forward for a second book in the future after all marvelous writing no errors maybe one I gotta double check though I like this author he makes great books for kids and teens which is great.Is your child a bully or getting bullied? read this book money is so worth it you will learn about herobrine and how he is different and gets bullied typical middle or elementary kids but remember don't do this all you will do is get in trouble ok all right. Great book keep it comingP.S. STAY FANTABULOUS

This is a great book that I use for bedtime reading.Herobrine in the human world I've never heard of such a thing.What trouble will he be getting into to impress Molly? What will happen with the Brett the Bully around? Find out by buying this book or use your kindle unlimited membership.

For a free book this was pretty good. You wouldnt expect it to be the cool. I got it to just read but it is actually funny and I hope the next book is out soon(can it be maybe a little bit less than \$2.99 though, unless its longer then I would buy it for that much...maybe).

Wowzers. 7 bucks for 110 pages??? That is Way too expensive. And the content isn't even Ok. It's

Horrible! I have read The Zombie series, and they are H O R R I B L E. Do not waste your \$\$\$!--
