Customer Reviews

This was a great idea. A combination of Diary of a wimpy kid and a zombie story. Two of my favorites put together in one book. This is a great bonding book for night time reading. A sample of this product was provided to me for free to read for an honest unbiased review . There were no promises made for a positive review.- JenaLuv & Boogie review

First off, I really like that you don't have to read the First book to read the 2nd! No cliff hanger at all! This second book of the Wimpy Zombie series is very well written and highly recommended for anyone, whether they are a fan of Minecraft or not! My kids loved the first and now the second, waiting on the next books MC Steve has in store.

We recommend this book. My son loves it, but it is fun for the entire family. Read book 1 first, but it stands alone too. Reading during the Halloween is extra fun. Whether you enjoy Minecraft or not it is a good choice. It is set up exactly like a diary making it an easy-to-read book too.

I received a free copy of this book. My favorite parts in this book were the irony and surprises. I really didn't expect some of the scenes to happen the way it did, which is great because there weren't any cliches! Definitely on my list to share :)

Book 2 was amazing!MC Steve did a great job with developing the characters in this series. I love how it is based off minecraft :) This really is a great gateway for kids to get into reading. 5 out of 5!!!

This book is a wonderful children's story. I think that this story, and others like this one, is a great way to get younger readers excited about more books. This book reminded me of Diary of a Wimpy

Kid with Zombie and monster characters, but I love that none of the characters were "scary". I would highly recommend this book to anyone really, but especially children's or middle grade readers. I only read book two, and I love how you don't have to read book one to understand what is going on. Also, the main character Z had a sort of conflict, and it was resolved in the most realistic way. I really just loved this story, and I will definitely be reading it to my children for Halloween. I really think the MineCraft elements are great for younger boys to read more as well, since I feel like the majority of books for this age group are geared for girls. Great job MC Steve!

My nephew loves this! After reading Book 1 of the wimpy zombie series, he has been looking forward to going to bed at night. Thumbs up!
