Glitter Fantasy Butterflies Stickers (Dover Little Activity Books Stickers)

Synopsis

Which butterfly is the prettiest of all â ” Monarch, Buckeye, Swallowtail, Painted Lady? None of the above! The most beautiful species just might be these fantasy flyers, featuring wings with abstract shapes and more colors than Mother Nature has in her paint box. Customer Reviews

I bought the plain stickers, and my niece liked them so well, I went back and bought the glitter ones. The butterflies vary in size, but the average is about an inch and a quarter. Brightly colored, glittered, Sixteen butterflies per book. All colors.

There are only a few stickers (two small pages worth - about 16 stickers total), but they are very good quality and visually appealing. I bought them for an adult friend's Christmas stocking. They would be a good gift for a scrapbooker, butterfly-lover, or child. Additionally, the shipping for this item was incredibly quick - arrived almost a week BEFORE the "estimated delivery date" (arrived approximately a week after the payment was sent). Very satisfied with this product as well as the shipping time.

Like all Dover's stationery products, these stickers are well-made. The images are clear and the stickers stick well to surfaces without peeling up at the corners.

Awesome stickers however, you do need to use additional glue however, for the beauty, and price, it's still very well worth the purchase....

This little book has the most beautiful and glitzy butterfly stickers. My granddaughter loves for me to give her one for special accomplishments.

I'm always impressed with Dover's products so I wasn't at all surprised to be delighted with this little booklet of butterflies.

I like all the dover stickers.They come off easy and they don't tear.The glitter ones are my favorites.
