Your Shakuhachi Journey is a useful guide for the beginning shakuhachi player. Jon gives lots of tips about posture and forming the shakuhachi embouchure which are often a stumbling blocks for someone new to the instrument. The system of notation he uses for the practice pieces and folk songs is clear and easy to follow. A CD or links to mp3s of the exercises and folk songs would be helpful to most students. I have taken several Skype lessons with Jon. He is a great teacher!

Excellent - this book was easy to follow and understand. The photos allow for much easier understanding and quicker learning than the other two beginning books I have and tried to learn with - If I had had this one in the first year I started I may have progressed a bit faster. Good job and great work - keep it up.
