Mel Bay Shady Grove Mandolin Solos

Synopsis

This book presents transcriptions of David Grisman's solos and accompaniment patterns from the CD Shady Grove. The Shady Grove recording contains some wonderful performances of old-time American music by David Grisman and Jerry Garcia, two of American music's greatest players. It is a vibrant collection of wonderful traditional American songs, from a great variety of genres, played in a style closely based on their traditional sources. All of the solos can be played on the standard mandolin, including one written for mandola and one for banjolin (mandolin-banjo). These transcriptions will provide insight into the art of accompaniment mandolin playing as well as soloing. Performance notes by the transcriber are included

Book Information

Paperback: 96 pages

Publisher: Mel Bay Publications (August 23, 2002)

Language: English

Customer Reviews

I was so excited to find this. I have the book for guitar and really enjoy it. Recently I have taken up the mandolin and with a little proficiency now I'm looking for songs to play. This is intermediate level material. If you are a beginner, persevere, you'll get there soon. It's a good idea to purchase the music cd which is sold separately so you can hear how the songs are played. There are a lot of different versions of old standards. If you like this kind of music I also recommend the Southern Mountain series that Mel Bay puts out. The songs are very authentic for Western NC (my original home) and there is a book with the same songs for each instrument. I have the dulcimer, guitar and mandolin books. There are also fiddle and banjo.

A nice book that captures one side of the Grisman/Garcia collaboration; a little bit annoying that you have to have a mandola & a banjolin if you want to sound exactly like the cd-- but otherwise, it has some interesting, historical songs on it that will help broaden your mandolin knowledge and repertoire.

This is a great method book if one wants to play the music from Shady Grove. I am not quite that advanced at this time. Will love it more later.
