# Fail, Fail Again, Fail Better: Wise Advice For Leaning Into The Unknown

## Synopsis

When her granddaughter was accepted to Naropa University, the celebrated author Pema Chödrön promised that she'd speak at the commencement ceremony. *Fail, Fail Again, Fail Better* contains the wisdom shared on that day. "What do we do when life doesn't go the way we hoped?" begins Pema. "We say 'I'm a failure.'" But what if failing wasn't just "okay"... but the most direct way to becoming a more complete, loving, and fulfilled human being? Here, Pema Chödrön offers us her heartfelt advice on facing the unknown - in ourselves and in the world - and how our missteps can open our eyes to see new possibilities and purpose. For listeners of all faiths who are at a life crossroads, this brilliant gem of kindness and clarity is sure to earn its place in our kitchens, offices, and backpacks, ready to help us get back on our feet and into our hearts. Includes an in-depth interview with Pema Chödrön and Tami Simon.

## Book Information

Audible Audio Edition

Listening Length: 1 hour and 46 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Sounds True

Audible.com Release Date: September 1, 2015

Best Sellers Rank: #25 in Books > Audible Audiobooks > Religion & Spirituality > Buddhism & Eastern Religions #128 in Books > Politics & Social Sciences > Philosophy > Eastern > Buddhism #235 in Books > Health, Fitness & Dieting > Mental Health > Happiness

## Customer Reviews

I wish I could separate out the production issues of the book with the actual content. There are several issues with the production side of this book, and I'm giving it an overall 1 to try to get the attention of both Audible and SoundsTrue. If it gets fixed, I'll update it. First, the production. I noticed when I went to pre-order the book (because I love Pema Chodron) I couldn't have it sent to my Kindle. I thought this was odd and decided to wait until publication day, thinking it might be some glitch. Yesterday was publication day, and when I clicked on Kindle and went to purchase, it was still only available to be sent to my iPad or Kindle Cloud Reader. I called Audible, and the guy I spoke to said he had never seen anything like that, but that it was set by the publisher. If you look very carefully on the

Kindle order page, it will tell you which devices it's compatible with. Make sure you like your choices before you purchase. I emailed SoundsTrue and the reply I got back today said the problem was . Since getting a copy of the book was several weeks out, as of yesterday, I decided to purchase the Kindle version and read it on my iPad. (Note to . If I wanted to read on an iPad, I wouldn't have a Kindle). The basic problem is this. The digital version has been produced so that if each page that displays on the digital version looks like you're reading a book, so to speak. On the left side of the page, there is beautiful scroll work. On the right side is the copy. This would be beautiful if there were a spine down the middle and it was a physical copy. But it looks like it should have rendered digitally with a page break between the two, and it doesn't.
