Stalking Ground: A Timber Creek K-9 Mystery, Book 2

Synopsis

The next thrilling installment in the Timber Creek K-9 mysteries. When Deputy Ken Brody's sweetheart goes missing in the mountains outside Timber Creek, Mattie Cobb and her K-9 partner Robo are called to search. But it's mid-October and a dark snow storm is brewing over the high country. And they're already too late. By the time they find her body, the storm has broken and the snow is coming down hard. While Brody hikes down to bring back the forensics team and veterinarian Cole Walker gathers supplies to protect them from the storm, Mattie and Robo find themselves alone, guarding the gravesite overnight in the dead of the early winter. And that's only the first long, dark night in a series of them, because as their investigation develops, Mattie, Robo, Brody, and Cole find themselves in the middle of the killer's stalking ground - where the hunters become the hunted. An engrossing listen filled with tension, excitement, and heart, *Stalking Ground*, the second in Margaret Mizushima's lauded debut series, will send a chill down every listener's spine.

Customer Reviews

Stalking Ground by Margaret Mizushima is another perplexing mystery in the Timber Creek K-9 Mystery series starring Mattie Cobb and her K-9 partner, Robo. In this second installment in the series, Mattie and Robo are tasked with the unenviable job of trying to locate Chief Deputy Ken Brody's missing girlfriend, massage therapist Adrienne Howard. Although Adrienne has not been gone for very long, Brody is certain she is the victim of foul play but Mattie cannot help but wonder if

she has just left. When the missing woman's car is found, Mattie and Robo try to track her but when Robo cannot find a trace of Adrienne, Mattie fears the worst. After receiving an anonymous tip, Mattie, Robo and Brody are faced with the grim task of searching for Adrienne's body in a remote mountainous area. When they uncover her remains, Mattie sends Brody to bring in the rest of the investigative team while she and Robo guard the burial site and gather evidence. When an early snowstorm hits, local veterinarian Cole Walker, who is also a member of the volunteer mounted patrol, brings them much needed supplies to endure the storm. The next day, Mattie and Robo once again team up with Detective Stella LoSasso as the investigation into Adrienne's murder begins. While Mattie still relates better to her canine partner than people, she is making progress with her co-workers and friends. She enjoys spending time with Cole and his daughters, fifteen year old Angela and eight year old Sophie, but she is little uneasy about some of the feelings she has for Cole. She has a casual friendship with her co-worker, Rainbow but Mattie still remains close to her former foster mother Teresa - Mama T - Lovato.
