## Customer Reviews

This might be the most elegant origami paper I've ever used. I love it. Although the sheen on it makes for some odd creases. It's a bit like folding up the Mona Lisa, but the origami from it are gorgeous.

This paper is slick like magazine paper and doesn't hide flaws well. The patterns are pretty - they look like details taken from paintings. I would recommend but be sure you are careful with your folds

if using it for origami. I've also been using it for various craft projects and it seems to work well.

Love this paper. It is the best for not only folding but for card making. A must for your crafts

Beautiful papers, but seem thin.

great
