Customer Reviews

My oboe player was using her teacher's worn copy. We were happy to find one for her to own and with the spiral binding it is much easier to keep flat on the music stand. The pages are a bit light as is the cover and I worry about tears, but for the price it is grand.

Bought this for my son. It was suggested by a friend. He loves it! Crazy, awesome stuff! Hard, but loves it.

The Vade Mecum is an excellent volume for those who need acquaintance with some of the major works of the classical repertoire.

Not as many works as what was thought, but decent overall. Great technical studies.

I love it!
