## Customer Reviews

I received the song book fast and in great shape. Love the way the guitar cords are easy and pleasant to listen too. I bought the book for my husbands birthday to go with his new 12 string guitar.

Good book, "simple" guitar is a bad word to use - but I think that the book contains a good mix of songs for varying guitar playing capabilities. Some songs "Desperately" is fairly complicated for my abilities, but other songs in this book have easy cords. So I'll be keeping this book for awhile since it will continue to challenge me.

EASY to read chord charts and lyrics with strum patterns spelled out for you. Nice job. Fair amount of songs. I will be looking for other song books from this publisher.

I love this book. I not oly read music, I also do chord interpretations so it was good to have both.

I had intended to buy a CD, but I'm pleased with the book instead. He's a good old country boy.

I love his songs and this book happens to include my favorites! I would recommend to friends!

My husband loves the book all the good songs he wants to play

Easy to follow tabs for some of George's best songs.
